

## Recruitment of Assistant, Associate or Full Professors full-time positions 2016-17

Grenoble Ecole de Management is aiming to reinforce its faculty with significant investment in international recruits with a high-quality track record for research and/or strong pipeline and a desire to make a difference. We are the youngest of the top business schools in France and in a short time have established an international reputation for high-quality research output and innovative pedagogy. As a triple accredited school – AACSB, EQUIS & AMBA – our programs and research are consistently ranked highly both nationally and international.

Unlike more 'traditional' French business schools we offer a collegial, dynamic and vibrant international academic environment that is structured in a manner to ensure creativity, innovation projects and support for high performance. Furthermore our eight research teams draw their membership from across teaching departments in order to promote cross-disciplinary research ethos and our collaborative culture, making the school a great place to work.

If this sounds like a faculty you would like to join, we are looking for the following profiles...

- In the Marketing Department we aim to further strengthen our research in quantitative marketing and digital marketing
- In the Technology & Strategy Department we seek profiles with research interests in entrepreneurship and also in technology management/strategy in the energy sector
- In the department of People, Organisations & Society we are recruiting profiles with interests in identity, work, careers and HRM
- In the Law & Finance Department we are looking to invest in insurance and financial risks positions.

Grenoble Ecole de Management offers support for international mobility, relocation expenses and assistance for integration once in Grenoble. As an international school a significant proportion of our teaching is in English and while French is a plus an openness to learn is important but to ensure integrate into all aspects of our organisation and French society we offer assistance in learning French.

We aim to fill these positions for the start of the academic year 2017-18. In the first instance please contact Charlotte GLUD ([charlotte.glud@grenoble-em.com](mailto:charlotte.glud@grenoble-em.com)) and full applications will require a covering letter, a curriculum vitae, teaching evaluations and examples of up to three publications.
