The 2017 International Conference on Security and Management
Las Vegas, USA, July 17 - 20

Call for Posters

The 2017 International Conference on Security and Management (SAM'17) is the 16th annual comprehensive security conference dealing with all aspects of security. This annual Security and Management Conference is a leading international opportunity for computer and network security professionals and users to investigate innovative ideas and outcomes, and to exchange experiences on various aspects of information security.

There are nine tracks in this conference; Cryptographic Technologies, Security Applications, Information Assurance, Network Security, Hardware Security, Computer Security, Security management, Security Education, and Biometrics and Forensics. For details of the tracks, please refer to the conference website at http://sam.udmercy.edu/sam17.

The 2017 International Conference on Security and Management (SAM'17) encourages the submission of posters to provide an environment for demonstrating and discussing work in progress, and industry presentations of new applications, techniques, technologies, or approaches in the field of computer and network security. Interested authors are invited to submit a short proposal illustrating the main contributions of their posters. Proposals should contain an abstract stressing the motivation and rationale for their contribution. Poster may reflect initial results of the work.

Posters will be evaluated mainly on their ability to promote discussion, inspire the exchange of ideas, and foster collaborations among conference participants. Poster proposals must conform to IEEE writing style guidelines with 3-page maximum including title, authors' affiliation, abstract, content, figures, and references.

Accepted posters will be published as an extended abstract. The maximum number of pages for the extended abstract is 2.

Poster boards will be provided on site at the conference. The poster boards will be large enough to accommodate 8 US standard size stationaries to be pinned on them using 4 rows with 2 pages per row, or 2 rows with 4 pages per row. The poster board sizes are 45 inches x 22 inches. The boards can be flipped if desired. Two poster boards next to each other for one accepted poster can be arranged if needed.

Submissions should be emailed to the Posters Co-Chair; **Esmiralda Moradian** (esmirald@dsv.su.se), or **Cathryn People**s (cathryn.j.peoples@ieee.org) by March 24, 2017.
