The 2017 International Conference on Security and Management
Las Vegas, USA, July 17-20

Call for Papers

The 2017 International Conference on Security and Management (SAM'17) is the 16th annual comprehensive security conference dealing with all aspects of security. This annual Security and Management Conference is a leading international opportunity for computer and network security professionals and users to investigate innovative ideas and outcomes, and to exchange experiences on various aspects of information security.

You are invited to submit a full paper for consideration. Novel research in all practical areas of computer and network security is sought. Submissions from academia, government, and industry are encouraged. All accepted papers will be published in the SAM'17 conference proceedings (in printed book form; later, the proceedings will also be accessible online). Papers should demonstrate significant contribution to the construction, evaluation, application, or operation of secure systems.

There are nine tracks in this conference; Cryptographic Technologies, Security Applications, Information Assurance, Network Security, Hardware Security, Computer Security, Security management, Security Education, and Biometrics and Forensics. For details of the tracks, please refer to the conference website at http://sam.udmercy.edu/sam17 and click on "Call for Papers."

Prospective authors are invited to submit their papers by uploading them to the evaluation website at:

https://easychair.org/conferences/?conf=sam17

If you have not used EasyChair before, please create your new account first. To upload your paper, please click on "New Submission." The first page of the draft paper should include: title of the paper, name, affiliation, postal address, and email address for each author. The first page should also identify the name of the Contact Author and a maximum of 5 topical keywords that would best represent the content of the paper. Please ensure that the first page also includes the **TRACK(s)** that you regard as the most appropriate one for your paper review.
