

The University of Portsmouth with the support of the British Geotechnical Association (BGA), the International Society for Rock Mechanics (ISRM), the International Society for Engineering Geology (IAEG) and the Geological Society of London (GSL) will be hosting a three-day conference from the 5th July to the 8th July 2017.

0800 Registration - refreshments

Session Chair: Chief Scientific Editor Designate Jane Dottridge

09:00	History of QJEGH	Mike Winter (TRL Scotland)
09:30	Terrain evaluation, mapping & geological models	Jim Griffiths
10:00	Quaternary	David Giles (University of Portsmouth)
10:30	Refreshments	
11:30	Ground Investigation and Testing	David Entwistle (British Geological Survey)
12:00	Geophysics	Dave Gunn (British Geological Survey)
12:30	Aggregates, earthworks and geomaterials	JoAnn Cassar (University of Malta)
13:00	Lunch	
	Session Chair: Jane Dottridge	
14:00	Slopes and landslides	Eddie Bromhead (Independent Consultant)
14:30	Settlement and subsidence	Clive Edmunds (Peter Brett Associates)
15:00	Groundwater Modelling	Mike Packman (Southern Water - TBC)
15:30	Refreshments: Poster Session	
16:00	Hydrogeological measurement and monitoring	Mike Streetly (ESI Ltd)
16:30	Contaminated land and groundwater	Paul Nathanail (Nottingham University)
17:00	The Future	Andy Gibson (University of Portsmouth)
17:30	Close
