

SAVING YOUNG LIVES: DON'T CRASH OR BURN

Join the first UK multi-agency conference
on the wellbeing of young people

and the links between youth unemployment, accidental dwelling fires and road traffic collisions.

West Midlands Fire Service is hosting a multi-agency conference to present the findings of The Future Melting Pot's study and to develop possible solutions.

The conference is designed for a number of professionals and academics concerned with the well-being of young people, including local authority policy makers, influencers in road safety and accidental dwelling fires, police, community safety and public health practitioners, and educators.

Friday 2nd June 2017, 10am-3pm
Room C087, Curzon Building, Birmingham City University
Cardigan Street, Birmingham, B4 7BD
