 UNIVERSIDADE da MADEIRA

 SPATIAL  
DESIGN  
2017/18

### OBJECTIVES

This course equips designers to offer innovative solutions for the challenges emerging from urban spaces in the 21st century.

Specialize in the transformation of interior spaces, temporary public structure design, exhibition design, and adaptive reuse of disused habitations.

The Master is a culmination of industrial design, perception and communication, storytelling, human factors, typography and user experience applied to the 3D environment.

The Master Course trains students to operate at the intersection of civil engineering, architecture and design communities.

Global focus on urbanization means man-made environment is a reality of human existence, thus creating an important area of intervention for designers to operate in.

### STUDY PLAN

#### 1<sup>o</sup> Year/ Sem 1<sup>o</sup>

Design Studio 1  
Colour & Perception of Spaces  
Materials and Structures  
Technical Drawing and Modeling

#### 1<sup>o</sup> Year/ Sem 2<sup>o</sup>

Design Studio 2  
Principles of Construction  
Project Management  
Space and Territories

#### 2<sup>o</sup> Year/ Sem 1<sup>o</sup>

Design Studio 3  
Research Through Design  
Elective Subject 1 \*  
Elective Subject 2 \*

#### 2<sup>o</sup> Year/ Sem 2<sup>o</sup>

Thesis Project

\* Elective subject list is drawn each year from Design and Civil Engineering scientific areas.

### WHY ATTEND?

University of Madeira (UMa) offers great value for pursuing a European Master Degree with an annual fee structure of just €1,300 for EU candidates and €6,500 (includes boarding + meal costs) for extra EU candidates.

Madeira island offers an unique Atlantic context to pursue higher education, voted as the World's Best Island destination.

### THE DETAILS

The admissions happen in 2 phases:

Phase 1: Jun 16- Jul 10

Phase 2: Aug 28- Sept 18

The Master Course is 2 years worth 120 ECTS.

Medium of instruction is English and Portuguese.

### CORE FACULTY

**Shujoy Chakraborty**  
PhD in Design  
Politecnico Di Milano

**José Santos**  
PhD in Civil Engineering  
University of Porto

**Susana Gonzaga**  
PhD in Design  
Politecnico Di Milano

**Patrícia Escórcio**  
PhD in Civil Engineering  
University of Madeira

**Valentina Vezzani**  
PhD in Design  
Politecnico Di Milano

**Paulo Lobo**  
PhD in Civil Engineering  
University of Lisbon

**Sérgio Lemos**  
PhD in Design  
University of Aveiro

**Elisa Bertolotti**  
PhD in Design  
Politecnico Di Milano
