

MXIS 2017

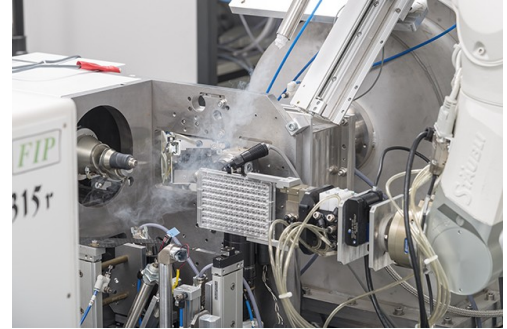

Workshop on ligand screening
by in-plate crystallography

8-10 Nov. 2017, CBS – Montpellier

29-30 Nov. - 1 Dec. 2017, IBS – Grenoble

Main organizers:

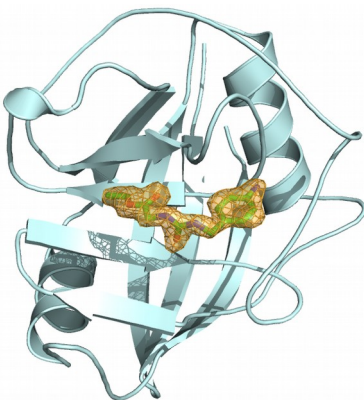

Gilles Labesse, CBS, Montpellier
Jean-Luc Ferrer, IBS, Grenoble

Course content:

The courses will cover theoretical (8 attendees) and practical aspects (6 attendees) of:

- 1/ In-plate crystallogenesis (CBS)
- 2/ “Dry co-crystallization” for ligand screening (CBS)
- 3/ *In situ* diffraction (CBS/IBS)
- 4/ Data processing and structure refinement (IBS)

More infos: www.ibs.fr/mxis-2017

Application: send
a short CV (1 page max.) and
a motivation letter,
to: jean-luc.ferrer@ibs.fr
before 8 October 2017
