

# SEXUALITY aGENDER v2

## An Inclusive Sexual Health Toolkit

Recommended for young people aged 13 years and upwards

The Proud Trust has an extensive history of working with LGBT+ (lesbian, gay, bisexual, trans, plus other identities) young people. Over the years, these LGBT+ young people have consistently told us that the sexual health information they have received in mainstream education has not been meeting their needs, for a variety of reasons.

Training is free, a small fee is being asked to cover the production cost of the pack.

This brand new pioneering resource pack is **NOT** a sexual health package for LGBT+ young people, it is an inclusive pack for **ALL** young people.

Sexuality aGender will enable you to engage with young people in a meaningful conversation about gender identity, sexuality and sexual health. This will help them explore who they are and what they want, in a safe, supported way, free from assumptions.
