

Collections Seminar Series

Seminar, Monday 27 November, Flett Events Theatre

Integrated Pest Management Awareness Day

One-hour workshops at
9.00–10.00, 11.00–12.00
and **17.30–18.30**

Collections Seminar 14.30–15.30

Mandatory training for new starters.

As stated in The Natural History Museum's policy, all staff must be aware of the risks posed by pests.

Integrated Pest Management (IPM) training should be Attended by new starters, including staff, students and contractors should be completed in the first year. All other staff should attend a refresher course every three years.

To accommodate different work patterns, one-hour workshops will be held at 9.00–10.00, 11.00–12.00 and 17.30–18.30 in the Flett Events Theatre. These will be delivered by the Museum's IPM Co-ordinators –Armando Mendez and Senior Curator in Charge Suzanne Ryder. There will be sign in sheets at each session so that HR can record your attendance in their records.

The Collections Seminar will take place at 14.30–15.30. This year's speaker is Armando Mendez who will discuss *The Nitrogen adventure of Cedric the Lion: his trip to the BM and other tales from NHM Quarantine Facility (and how to use it)*.

Open to all museum professionals

The seminar is open to all museum professionals. The IPM sessions are only for NHM staff.

Please email z.hughes@nhm.ac.uk for more information and/or to book a place. Natural History Museum staff do not need to book.

It is suggested that the following staff will find the seminar most useful:

Science Group: All senior department managers and collection management staff.

Public Engagement Group: Any staff who work with and use collections or manage staff who work with collections.

Directorate and Science Directorate.

Development and Communications Group: Any staff involved in communicating about or engaging supporters with our collections.
