

## Group visit to the Plymouth Medical Society Historic Collection

Friday 9<sup>th</sup> February 2018

The Historic Collection includes archives and books dating back to the 17th century and provides an important historical, cultural and scholarly resource. Advice given by the Wellcome Trust is that the major strength of this collection is its context and that the books, photographs, biographies and minutes should be taken as a whole in order to appreciate its significance as a historic account of the development of medicine in the South West.

**Times:** Meet at 9.45 at the Discovery Library, for a 10.00 am start. They'll describe the core service and fundraising campaign to build the library, then a coffee break, then a talk about the historic collection. We aim to finish the tour at around 1pm. We hope to continue networking with an optional social lunch at that point.
