YOUR LOCAL SAVINGS GROUP SECRETARY IS:—

Have you got something put by from which you can get the deposit for a house, for paying for the further education of your children, or for supplementing your pension when you retire?

For all these purposes and more the answer is "Join Your National Savings Group". Saving is difficult nowadays, but the chief difficulty with most people is the start. Overleaf you will see how easy it is to put some money away each week, ready for the time you will need it most, and in the meantime earning interest for you.

The Honorary Secretary will gladly call on you regularly every week to sell you stamps.

You will be given a National Savings stamp book to hold the stamps and you can buy as many or as few at a time as you like at 6d. or 2s. 6d. each.

If you wish to join, fill in your name and address on the reverse and hand it in to the above address.

When you have bought your Savings Stamps you can use them to make deposits in an account in your name in the Post Office or a Trustee Savings Bank, or to buy Savings Certificates. There your money is safe and you can get it back when you want it. Deposits in the Savings Banks earn interest at $2\frac{1}{2}$ per cent. per year.

If you exchange 15s. worth of Savings Stamps for a Savings Certificate you will find when you cash it, if you have kept it for more than a year, that it has grown in value. After five years you will get back 17s.; after ten years £1 0s. 3d.

In case of need you can cash your Savings Stamps at any Post Office, but it is not a good plan to keep your savings in Stamps. If they are stolen or destroyed you can't get your money back—you've had it.

If you want more information ask your Group Secretary or write to your Local Savings Committee or District Office for National Savings about it. They will be glad to help you.
