2018 London Computational Psychiatry Course

Dear all,

We are glad to announce that the registration of the 2018 London Computational Psychiatry Course is now open! Please use this link to register.

Dates: July 25-27, 2018
Location: 33 Queen Square, London
Cost: 60 GBP

Here are some new features of this year's course -

1) Opening night keynote lecture by Dr. David Redish (University of Minnesota)

2) New lecture on modeling metacognition by Dr. Adam Kepecs (Cold Spring Harbor Laboratory)

3) Added tutorial on modeling fitting - from beginning to finish by Dr. Vincent Valton (UCL)

4) More clinical examples:
- Anxiety by Dr. Sonia Bishop (UC Berkeley, Oxford)
- Autism by Dr. Becky Lawson (University of Cambridge)
- OCD and ADHD by Dr. Tobias Hauser (UCL)

And last but not least, more social time! (opening night reception, all coffee breaks and lunches are covered by registration fee).

We look forward to seeing you all in London!

Best,

Xiaosi & Rick
