

Importing BTEC results from Promonitor and sending the information by A2C.

To claim results through markbook please see the following;

- Registration numbers must be on pro-solutions
- Exam entries for BTEC qualifications must be entered for 2nd year courses
- The BTEC units must have been added to the offering
- Tutors must have marked the students as completed in promonitor

Procedures

- I. Print off the standard e-mail requesting the BTEC claim.

If the standard e-mail is not used or there are any errors please return the e-mail and ask for it to be resubmitted. Use the offering details from the e-mail for promonitor and pro-solutions.

- II. Print off the unit markbook report from promonitor

Using the offering details print out a report of the unit markbook report from promonitor. This report can then be used for cross checking throughout the process.

III. Import Grades from Promonitor

The screenshot shows the ProSolution (10.1) - TRAINING SYSTEM interface. The main menu bar includes: Students, Offerings, Student Facilities, Offering Facilities, Registers, Timetables, Exams, Reports, Utilities, Maintenance, Help, and Exit. The 'Exams' menu is open, displaying the following options: Exam Series & Submissions, Exam Timetable & Seating Plans, Exams Explorer, Exam Change Requests (highlighted), Offering Syllabuses, Candidate Number Importer, and Exam Results Importer. A blue callout box on the right side of the screen contains the text 'Select Exam Change Request'. The left sidebar contains a 'Lists' section with a search icon and a list of items: Lists, Reports, Messages, Notes, Attachments, Recent Records, and Commands. The Windows taskbar at the bottom shows the Start button, several open applications (Balance for j.hairy..., Inbox - jade.hairy..., Leeds City Colleg..., ProSolution (10.1)...), and system icons on the right including network, volume, and the date/time (09:39 23/06/2014).

- Highlight the students you have awarded grades for and click Update Rows:** Points to the 'Update Rows' button.

Take care as every student with a registration will show here so make sure you only select the ones you have imported grades for.

V Build the submission file to send the results to Edexcel by EDI through A2C

To note: it might be worth doing a dummy submission before you start for your centre number.

- A submission file should be sent after you have imported the grades and set the award date & certificate claim. One offering at a time.
- The EDI file is built the same way as other EDI files and then sent by A2C.
- When you are building your submission it is easier to select your students if you use the offering code as a filter. This will then show the grades for the units as well as the claim for the full award.
- Please ensure you build your file in the EDI Format ' Programme Results V6' please see below. Please see below for an example of what the file should look like for one student. If this is not the format then there is likely that something is wrong.

- Once you are happy that the file is okay it can be sent by A2C.

If you check Edexcel on line the following day you should be able to see the unit grades, the date of the award, Y for award claimed and then pending until validation over the weekend.

- File the e-mail, the promonitor markbook report and a copy of the EDI file.

VI . Respond to the BTEC claim e-mail to confirm that you have claimed the certificates.
