# Gender and Culture in the Romantic Era 1780–1830

---

*An Anthem Press Series*

**Gender and Culture in the Romantic Era** is a series of scholarly monographs and edited collections devoted to the topics of gender and culture in British poetry, fiction, and drama from roughly 1780 to 1830. In terms of gender, the series encompasses scholarship related to the lives and works of women writers but also includes studies that address broader constructions of gender identity and sexuality. In cultural terms, the volumes in the series engage broadly with the interconnections between literature and such topics as book history and print culture, politics, science and medicine, travel writing, visual and auditory art, religion, the periodical press, the environment, revolution, exploration, theory, and transatlantic and other transnational connections.
