

Young Carers CPD Event

A training and resourcing event for teachers, youth workers, health and education professionals

Thursday 6th June, 11:30pm-3.30pm | Quarterhouse, Mill Bay, Folkestone

Join us for the morning training, afternoon performance, or both.

In partnership with LUNG and IMAGO, we are thrilled to offer an afternoon of training, resourcing and support for anyone working with Young Carers. There are over 800,000 Young Carers in the UK — children under 18 providing care for others, often parents and family members. This CPD day will help equip you with understanding, skills and resources to best support the Young Carers in your school, youth group, organisation or practice.

If you want to attend, please email Tania McCormick at Creative Folkestone

TaniaMcCormack@creativefolkestone.org.uk , or call 01303 760740.

CPD TRAINING

From 11.30am-1pm you'll receive focused training led by IMAGO Community, aimed at:

- Building your understanding and knowledge of Young Carers, the underlying issues a young carer can face.
- To consider what support we can provide for young carers
- How can we reduce inappropriate levels of caring

Lunch will be provided from 1–1:30 pm

AFTERNOON

Arrive from 1pm for a performance starting at 1.30pm followed by a post show discussion from 2:45pm.

Enjoy a free performance and post show discussion of ***Who Cares*** — the award-winning play from The Lowry and LUNG, adapted from real-life testimonies of our care system, the impact of austerity and the challenges of being a Young Carer.
