

# Update on Pillar 3 of the COVID-19 National Testing Strategy: Mass-antibody testing

15.00 - 16.15, 16 Apr 20

Print page 

WEBINAR

The Government has committed, working in partnership with industry, academia, and the NHS to scale up COVID-19 testing levels from 10,000 to 100,000 tests a day by the end of this month. The long-term ambition is to scale this up to beyond 250,000 tests a day so that anyone who needs a test can get one.

This Webinar will provide an update on Pillar 3 of the National Testing Strategy: Mass antibody testing to help determine if people have immunity to coronavirus.

**Speakers** will include: *Professor Sir John Bell*, Head of the Testing Advisory Group, *Graeme Tunbridge*, Director of Devices MHRA and more...

**Date and time:** Thu, Apr 16, 2020 3:00 PM - 4:15 PM BST

Due to high demand we are asking that only one representative per member company attend.
