

ELINET

(EDUCATION, LANGUAGE AND INTERNATIONALISATION NETWORK)

ELINET.ORG.UK AND THE UNIVERSITY OF GLASGOW TESOL STUDENTS PROUDLY PRESENT:

*The 1st Annual **ELINET** Conference: Official network launch*

elinet.org.uk (The Education, Language and Internationalisation Network) is a growing global community of students, researchers and practitioners. Our online network aims to make our research in the areas of education, language and internationalisation accessible to a wider audience. It also provides a space for our community of practice of students, researchers, materials writers, policy makers and practitioners to exchange educational experiences, ideas and resources, plan curricula and form collaborative teaching and research partnerships.

Our first annual conference marks the launch of the network and features our two current sub-strands: **Global Englishes** and **English as a Medium of Instruction/Education (EMI/EME)**. In addition to our plenary speakers, a range of ELINET coordinators from our network of teams around the world will introduce various sections of the network and our ELINET branches. We will also launch our 2023 seminar calendar, book club and working papers.

This conference will be a hybrid event with a two-day in-person conference held at **The**

When:

13 & 14 April 2023 (in-person)
