

# Research into Trauma Informed Care Attitudes amongst Professionals Working With Individuals with Learning Disabilities who exhibit Behaviours that Challenge

## **Purpose:**

Collect and compare information about attitudes towards Trauma Informed Care from professionals working with individuals with Learning Disabilities who exhibit behaviours that challenge.

## **What will you be asked to do?**

- Complete an online survey that includes open-ended questions, closed ended questions and a rating scale.
- Once you have submitted your responses, you will have the option to provide an email address if you would like to participate in a raffle of 4 £20 Amazon Vouchers, obtain results of the research, or both.

## **You can participate if you are:**

- 18 or older
- Living and working in the UK
- Currently working with individuals with Learning Disabilities who exhibit behaviours that challenge
- Have or have not experience in Trauma Informed Care
