

Carbon Science and Technology: Early Career Researchers Meeting

A British Carbon Group Event & AGM

**4th June 2024, Royce Hub Building,
University of Manchester, UK**

The British Carbon Group is pleased to invite you to their latest event – a day of early career oral and poster presentations at the Royce Hub Building, University of Manchester, UK at 10:00 4th June 2024. It will also feature this year's Ubbelohde Memorial Lecture and the group's Annual General Meeting. The event include:

- Carbon research oral presentations by early career researchers
- Ubbelohde Memorial Lecture by Professor Rahul Raveendran Nair, University of Manchester
- Poster competition with the winner receiving £100 Amazon vouchers
- Buffet lunch

This event is free but registration is required, and send an abstract if you would like to be considered for an oral or poster presentation, by emailing BCG committee member Samantha Wilkinson by 30th April:

Samantha.wilkinson@uknml.com

Abstracts should be max. 500 words. Poster presentations should be A1 size. Oral presentations will be 15 mins + 5mins Q&A.

Please speak to a member of the BCG committee if you would be interesting in joining the committee.
